Please print out and send or fax to address below.

Type of training requested: Family Protection____ Executive Protection____ Area Protection____

There are different phases in each type of the above disciplines, which will be discussed after the final evaluation of the dog. Remember some dogs are unable to do this type or work.

Length Of Training Time:

Training time will vary with each dog and handler team, you can expect to train a total of 80 to 120 hours depending on the type or training you decide on. Training sessions usually last 30 to 45 minutes. There is no set time on how long it takes to complete the training.

Your family will be required at some point to attend some training sessions. Locations and training will vary and towards the end of your training, some training will be conducted on your property and inside your house and vehicle.

There is a chance that after some hours into the training your dog will refuse to continue this type of training and you will have to accept the fact your dog does not have what it takes to continue. This rarely happens after the dog passes the initial evaluation. But there is always that chance with dogs. **Remember, your 50% training deposit is non-refundable.**

You must be able to show some basic control of your dog before the training will start. Such as heel, sit and down on verbal command on leash. You will also be required to have Veterinarian check and clear your dog from any physical problems that could keep your dog from doing this type or training. (Example: check hips, elbows and respiratory system.)

Training costs: \$7,200.
